Dr. Banning's Body Brace. - For the relief of States. He has left the paper at our office for signatures, intending to present it to the next Congress through the hands of Mr. Adams, who, it is presumed from his opinions upon the Right of Petition, will not refuse to become the vehicle of its transmission.

Strict constructionists as we are, we consider it entirely beyond the pale of Congressional power to interfere with the domestic institutions of the States of this Union, but, of course, the Abolitionists cannot object to it on this ground. With them, it is simply a question of policy, whether Congress should abolish or extend the institution of slavery; and if it comes to that, we would not at all be surprised to see an act of Congress authorizing the buying and selling negroes in the State of Magachusetts.

Hancock Enfedition—Pursuant to the proclamation of Gov. Ford of the 12th inst. published in our last a company of volunteers, to the number of HI, was raised in this city to be sent against the mot now infesting the ill-fating the ill-fated city of Nauvoo. The company elected Col. Robert allen their captain, and John Connelly and R. W. Diller their 1st and idl licutionants. Two brass 6-pounders, well appointed and manned by skillful artillerists, accompany the expedition.

As soon as the troops were carolled, preparations for their departure were made with the utmost dispatch, and they left town on Tuesday last about noon. They will unquestionably receive large accessions of volunteers on their route. Ample provisions are made for arming and equipping such as may join them. The Governor heads the expedition in person, and it is his determination to put an end, at all hazards, to the violence and outrage that have brought disgrace upon the State.

His force will undoubtedly be by the time he reaches the theatre of action, amply sufficient for the purpose, and the public sentiment will sustain him in resorting if necessary, to the last extremity in restoring the supermacy of the laws and vindicating the character of the State.
